EXPERIENCE

The Iron Yard, Charlotte, North Carolina - *Front-End Student*

NOVEMBER 2016 – FEBRUARY 2017

- Developed web applications designed to run on multiple browsers using JavaScript, HTML and CSS
- Worked in teams with front-end/back-end students and independently to develop web applications
- Created final project called *Bibliocache* - a web application that gamifies reading selections based on user-selected genres
 - Based on geocaching, users are led around Charlotte to specific locations that send downloadable digital books once they are within a predefined range on the map

Clemson University, Clemson, South Carolina - *Researcher*

AUGUST 2014 – MAY 2016

- Conducted research for Dr. Cynthia Pury, Ph.D. on courage and the built environment
- Led individual research project on visual and spatial perception of our environment
- Created and formatted surveys into Qualtrics software and distributed to participants
- Debriefed undergraduate participants after completion of experiments

Clemson University, Clemson, South Carolina - *Independent Researcher*

AUGUST 2015 – MAY 2016

- Met biweekly with Dr. Sarah Sanborn, Ph.D. to discuss psychological study on father-infant attachment
- Found and presented relevant research regarding maternal gatekeeping, breastfeeding issues and fathers' perceived skill

Southeast Psych, Charlotte, North Carolina - *Clinical Intern*

SUMMER 2014, SUMMER 2015

- Co-led social skills groups and camps for children on the Autism Spectrum
- Wrote articles regarding pop culture and media as related to the Asperger's population
- Aided the management of marketing through social media outlets
- Participated in bi-weekly podcast about psychology and music
- Updated and completed clinical contact database entries for referral sources
